

they have been traveling for five or six weeks.

Nothing save complete form reversal can deprive this country of another clean-sweep. Sectional, national and world's records are

Cambridge, Mass., June 8, and in the final tuning up meet of the team in New York, June 12, new time and distance will be made by the stars.

At Cambridge the brightest

Louis Scott.

being toppled almost daily in some part of the land and Secretary James E. Sullivan will lead the greatest band of international champions ever gathered under one flag, when he invades Sweden.

More records will fall before the team sails. In the selective tryouts at Evanston, Ill., and

Abel Kiviat.

stars will compete for places on the team.

Horine, high-jump champion from Stanford university, will meet the pick of the east. His leap of 6 feet 5 inches in New York before being acclimated, indicates what to expect when he is accustomed to the muggy atmosphere and he ought to repeat his
